ST. JOHN'S CHURCH SECURES PASTOR

The Rev. E. M. H. Knapp Accepts Call From Augusta, Maine, And Will Assume Duties In March—Bishop Manning Approves Change.

At the Sunday services at St. John's Episcopal Church announcement was made that the Rev. E. M. H. Knapp of St. Mark's Episcopal Church, Augusta, Maine, had accepted the call extended to him by the vestry of St. John's Church and would assume his duties as rector of the church on the nineteenth of March. Previously to his incumbency at St. Mark's Church, Augusta, Mr. Knapp was in charge of the chapel of the Church of the Incarnation, New York city. He comes to Kingston highly recommended as both a preacher and pastoral worker, and with the hearty support of Bishop Manning. In making the announcement Sunday the Rev. D. W. Clark, in speaking of Mr. Knapp said, "Mr. Knapp is honored in coming to Kingston and Kingston is sure to be pleased with Mr. Knapp."

In the meantime the church vestry have so arranged that the Rev. Mr. Clark will be in Kingston after Thursday and will be the acting rector until the arrival of Mr. Knapp. Mr. Clark, who is a preacher of unusual forcefulness, human understanding and sympathy, has already brought to St. John's Church on the Sundays that he has acted as officiating clergyman, unusually large congregations. On his arrival in Kingston later in the week, announcement will be made as to where he may be reached while in town.

BULEY ATTENDS ZONE DIRECTORS' MEETING.

A. W. Buley, supervisor of physical education in Kingston, attended the meeting of zone directors of the New York State Association of Public High School Basketball Leagues in Albany Saturday.

Thirty leagues have applied for admission and these leagues represent 187 teams. The winners in all leagues will compete in their zones for the sectional championship. The winner of the zone contest will travel to Syracuse on April 6, 7, 8, where they will compete in University of Syracuse gymnasium against winners from their zones. The expenses of the trip to Syracuse will be furnished by the state association and the teams will be entertained by the University of Syracuse.

Reports from different zones show five organizations in each and on motion admittance to the association was closed to teams that had already applied.

JUDGE HOWARD CONFIRMS ASHOKAN DAMAGE REPORT

The fifth separate report of Ashokan Damage Commission No. 5, composed of William H. Murray, of Troy, Patrick J. Walsh of New York city and former Democratic county committeeman Joseph J. McGrath of Phoenicia, was confirmed by Judge Howard at special term of the supreme court at Troy on Saturday. The report was published in The Freeman recently, and included about one hundred cases which had been tried before the commission. Objections to confirmation were made by Howard Chipp, Senator Charles W. Walton, Andrew J. Cook and Arthur A. Brown. William H. Grogan appeared on behalf of the city of New York which moved for the confirmation.

Contributing Names Turned In.

Mrs. Rice, president of the Federation of Women's Clubs, received too late for publication with the main part of the list from one of the ward chairmen, the following names of those who bought $5 worth or more of T. B. Christmas seals: Van Slyke and Horton, James Millard & Son Co., Brown Manufacturing Co., Apollo Magneto Corporation, Universal Road Machinery Co.

Great Demand for Trees.

By Telegraph to The Freeman.

Albany, Feb. 20.—The rush of applications for trees for the spring planting season now coming in to the conservation commission far exceeds both in number and size the demands of any previous year since the movement began for the reforesting of idle land in the state. Applications for trees are being filed by the conservation commission in the order in which they are received.

Chicken Pie Supper.

Immanuel Sewing Circle of the Livingston Street Lutheran Church will give a chicken pie supper on Washington's Birthday, commencing at 5 o'clock. The following menu will be served: Chicken pie, mashed potatoes, gravy, cold slaw, peas, pickles, rolls, butter, jelly, coffee and apple pie. A large assortment of aprons will also be on sale.

Eddyville Euchre.

Tuesday, February 21, at McNamee's Hall, Eddyville, there will be a euchre and dance under the auspices of the ladies of Sacred Heart Church. The Rifton bus will leave Rifton at 7 p. m. and Rondout at 7:30 p. m.

Dance at Port Ewen.

A social and dance will be held at St. Leo's Hall Tuesday evening, under the auspices of the young men and women of the parish. Refreshments will be served during the evening.

POLISH BONUS BILL IN COMMITTEE

Five-Way Plan Adopted And Fordney Repeats Promise—Quest For Funds Still Centers Around Sales Tax.

By Telegraph to The Freeman.

Washington, Feb. 20.—Republican members of the house ways and means committee today renewed their quest for funds to pay a soldier bonus. Chairman Fordney of the committee repeated his assurance that before the week end, the legislation will be ready for the house.

The legislative and administrative draft of the soldier bonus bill were ratified finally today by Republican members of the committee. The five-way plan which includes cash payment was adopted. Some changes were made in the legislation to make the insurance feature more attractive with the hope that a larger number of beneficiaries would take this form of bonus.

The fight over ways of providing payment of the bonus seems to have narrowed down to a sales tax limited in its provisions to the actual amount of money necessary and as to the commodities to be taxed, and the plan of leaving the payment of the bonus to general treasury receipts.

Opponents of the sales tax say that there are enough members of the ways and means committee favoring a sales tax to write it into the legislaiton. Several influential Republican leaders of the house, including Mondell, are opposing any tax, and urge that legislation be passed providing that the bonus shall be paid out of revenues in the treasury not otherwise appropriated. Mondell is making a race for the senatorship in Wyoming. He does not wish to defend a sales tax in his campaign. With other members of the house, he claims that sufficient moneys can be saved by cutting the army and navy and paring other appropriations to make up the first year payment of the bonus. The second year payment which will be larger, he would leave to the future for consideration.

PRINCESS MARY GETS MORE GEMS

Lacking Jewels Before, After Wedding She Will Have One of Finest Collections In England.

By Telegraph to The Freeman.

London, Feb. 20.—In view of the elaborate and costly gifts which are pouring in upon Princess Mary, extensive precautions will be taken to guard against unemployment demonstrations when the princess is married to Viscount Lascelles at Westminster Abbey on February 28. The preventive arrangements are already under way today.

Officials at Buckingham Palace are putting the "soft pedal" on the value of the presents and are emphasizing the fact that the princess herself urged that a percentage of the gifts be in the form of funds for relief of the unemployed.

When the gifts are put on public display, a small admission fee will be charged which will be contributed to charity. Proceeds of the wedding ball will be devoted to the same worthy end.

The gift of Lord and Lady Harewood, parents of the groom, to the royal bride is a fine diamond brooch. King George and Queen Mary presented their daughter with jewelry also. During the days of her maidenhood the princess has not possessed much jewelry, but after the wedding, she will have one of the finest collections in England.

At the expressed wish of the princess, the dresses of the bridesmaids will be white and silver, probably white brocade decorated with silver tissue. The princess chose these colors for her own bridal gown and it was suggested that the similarity of colors would enhance the beauty of the wedding setting.

At former royal weddings, the bridesmaids have worn veils, but the princess asked the archbishop of Canterbury if her attendants could not wear wreaths of flowers or bands of silver tissue.

BUY BUILDING TO HOUSE STUYVESANT EMPLOYES

The Ulster County Hotel Company, owners of the Hotel Stuyvesant, have purchased of Charles Bishop the Avalon a double brick rooming house at 8 John street, with furniture, which will be used as a rooming house for the female help of the hotel. It is understood possession will be taken April 1. This property is located a short distance from the hotel, being less than a block from the corner of Fair and John streets.

Accord Poultry Club.

For the monthly meeting of the Accord Poultry Club to be held at the Accord M. E. Church Hall on Wednesday evening, March 1, Charles H. Weidner, an Ulster county poultryman, has been secured as speaker. His subject will be "How to Reap Joy and Dollars From Poultry." One has but to read his story entitled "Handling Leghorns on Limited Range," which has been recently published in the Rural New Yorker to be assured of a profitable evening. Refreshments will be served. Everybody welcome.

CLASSMEN OF COLUMBIA SCRAP

Give Long Island Village a Hectic Night—50 Sophomores Rout 150 Freshmen and What is Left of Rand Controls Town.

By Telegraph to The Freeman.

New York, Feb. 20.—A class scrap of the most successful magnitude which lasted throughout most of the night, left a mixed assortment of ten Columbia University sophomores and freshmen in the hands of the Lynbrook, L. I., police, early today.

The police force of the village, consisting of four patrolmen, is in a somewhat battered state, the fire department is totally exhausted from hose playing, and a heretofore perfectly well appointed inn belonging to one Joseph Susskind, looks a total loss.

It seems that 150 freshmen decided it was within the law for them to have a big bust. Fifty sophomores thought it was presumptuous.

And they just about proved their point, for they succeeded in capturing and transporting to "somewhere near Garden City" over forty trussed-up freshies, and the sophs, such as had escaped arrest or casualty requiring medical aid, were in full possession of the village early today.

Freshmen claimed a great victory today however, because 200 of them are safely within the walls of Blossom Heath Inn, on Merrick Road and the class dinner will be held tonight. Tradition holds that the sophs may do anything to prevent the annual dinner up to the time the freshies are all assembled within the elected eating place. Then comes a truce.

As the freshmen had one week in which to accomplish the feat of reaching a dinner rendezvous, and have accomplished it in 24 hours they are jubilant.

WARD ANNOUNCES ANNAPOLIS NOMINATIONS

As a result of a competitive examination held under the direction of the Civil Service Commission at Kingston on December 31st last, Congressman Charles B. Ward, who represents the 27th Congressional District, comprising the counties of Ulster, Greene, Columbia, Schoharie and Sullivan, announces the following nominations for appointment to the United States Naval Academy at Annapolis.

Jay H. Vreeland, of Middleburgh, Schoharie county, principal; Paul D. Gregory, of Kingston, first alternate; Herbert E. Hanziker, of Saugerties, second alternate.

Wilfred T. St. Lawrence, of Saugerties, principal; Edwin J. Bloom, of Liberty, first alternate.

The two successful candidates will enter the Naval Academy next June.

ITALIAN PREMIERSHIP STILL GOING BEGGING

By Telegraph to The Freeman.

Rome, Feb. 20.—If Signor De Nicola, president of the Chamber of Deputies, is unable to form a cabinet to succeed the resigned Bonomi ministry, the premiership may be offered to Senator Schanzer, it was reported in semi-official circles today. Senator Schanzer was a member of the Italian delegation at the Washington conference.

It was understood that Signor De Nicola offered posts in the proposed new government to former Premier Orlando and former Foreign Minister Tittoni.

SAUGERTIES CLERGYMEN OBJECT TO SUNDAY BALL

At the last meeting of the village board of Saugerties a delegation from the Ministerial Association of that village attended the session and submitted a petition, signed by seven of the clergy, objecting to Sunday baseball.

The matter was referred to the village counsel for his advice as to the powers of the board at the present time.

Saugerties has had Sunday baseball for several seasons.

GASOOL'S CAR SKIDS AND SHEDS 2 WHEELS

The Hupmobile touring car of Myer Gasool the Main street tailor met with another accident Sunday in which the two left hand wheels were demolished. Mr. Gasool was driving along the road near Stony Hollow when the car skidded. No one was injured but the car had to be towed to Doc Smith's garage on Clinton avenue where repairs will be made.

Free Nursing Class Tonight.

The free nursing class meets at the High School auditorium tonight at 7:30 o'clock. Drs. J. G. O'Leary and Downer will address the class, there will be a practical demonstration of bed-making with the patient in the bed, and class members will further receive instructions in bed making, temperature taking, etc. Every one is asked to bring their punch card, note book and pencil, and where they have such a thing their clinical thermometer.

A Realty Transfer.

Fred L. Anderson of this city has purchased of Henry E. Phillips and wife the premises at 48 Clinton avenue near Henry street, formerly the Abernethy property.

THIS WEEK IN LEGISLATURE: 1,900 BILLS AWAIT ACTION

By Telegraph to The Freeman.

Albany, Feb. 20.—With the final adjournment of the 1922 Legislature only four weeks away, the lawmakers will get down to some real work this week. A total of 1,991 bills have been introduced in the senate and assembly, and less than 100 have been passed.

The attention of the legislators this week will be focused on the passage of the Meyer-Mastick bill in the senate tomorrow, which carries out the governor's recommendations regarding the New York Port Development plan; the advancement of the annual appropriation bill; legislation proposing constitutional amendment for home rule for cities, the introduction of bills to curb the crime wave and the stealing of automobiles, a possible fight in the senate over the Livermore bill giving women representation on county political committees and numerous important hearings.

Hearings will be held tomorrow afternoon before the Assembly Judiciary committee on the Slacer five cent trolley fare bill and before the Assembly Judiciary Committee on the Curvillier bill, which would abolish the present state motion picture censorship commission.

Debates on home rule for cities will take place in both senate and assembly.

Minority Leaders Walker and Donohue have been making a careful study of the appropriation bill, and will be ready to go after the Republican members of the finance committees of both houses when the measure comes up for advancement. It is expected that it will be advanced to the order of final passage tonight in the assembly. It will not be passed before next week.

While soldier bonus is regarded as dead, the service men in the Legislature expect to have another conference this week with the governor to ascertain if he will favor some sort of legislation to provide relief for disabled veterans.

There will be a hearing Wednesday afternoon before the joint labor and industries committees on several important industrial measures.

Tomorrow afternoon the banks committees of both houses will give a joint hearing on the Knight bill, which would permit trust companies and saving banks to invest in federal farm loan bonds.

Whether the life of the Lockwood housing committee and other legislative committees will be extended for another year will not be definitely decided until next week when Majority Leader Lusk of the senate will have a conference with Speaker Machold.

MINSTRELS AT ST. MARY'S TWICE

A full dress rehearsal of the Knights of Columbus minstrel show will take place Wednesday afternoon at St. Mary's school Hall at which time all the school children are invited to attend.

Due to the serious illness of the Rev. John H. Briody, pastor of St. Joseph's Church, the show will not be given in St. Joseph's School Hall, but instead the two performances will be given at St. Mary's School Hall on Thursday and Friday evenings of this week.

AUTOS CAUSE FEW DEATHS HERE

According to police department reports from all cities in the state made public by the New York State Bureau of Municipal Information, the number of deaths resulting from automobile accidents in 1921 increased thirteen per cent over 1920. Automobile accidents caused the death of 1,079 persons in the cities of the state, compared with a total of 945 deaths from the same cause in 1920.

The number of persons injured in automobile accdents increased from 22,731 in 1920 to 25,988 in 1921, while the total number of accidents reported to the police jumped from 39,075 in 1920 to 50,770 for 1921.

According to the figures given out Kingston had reported in 1920 one death and the same number in 1921. Injurd in 1920, 22; 1921, 21. Accidents, 1920, 59; 1921, 122. While the number of accidents reported has doubled in the past year, the number of injuries sustained has decreased, while the number of deaths remained the same.

AUTOISTS VALUE PENS MORE THAN GLOVES

Reclaim Them Sooner At County Clerk's Office.

Automobile owners appear to be careless of gloves and fountain pens according to the number of such articles which have been left at the Ulster county clerk's office by applicants for automobile licenses.

Fountain pens come first in quantity and also are first to be hunted up by their owners. In one day recently three expensive pens were left in the clerk's office, but before the office closed for the day each of them had been reclaimed. It is a lonesome day when at least one owner does not leave his fountain pen there.

Gloves range all the way from heavy buckskin lined with wool to the ordinary cotton-wool variety. Most of the owners return for them, sometimes the same day and sometimes not for several days. They seem to be more attached to a good fountain pen than even the warmest gloves.

Several pairs of gloves left at the office during the past few days are still unclaimed.

ENTERTAINERS FOR DANCE AT ARMORY FEB. 22.

To-to and Bom Bom, comedians, will make their first appearance in Kingston at the state armory on Washington's birthday as one of the entertaining acts of the program arranged for the dance to be given on that date by the Y. M. H. A. and Y. W. H. A. Several other entertainers have been secured. Everything is in readiness for the big dance. Music will be provided by Balfe's ten piece orchestra. Dancing until 1 a. m.

Strike for Cheaper Beer.

By Telegraph to The Freeman.

London, Feb. 20.—A strike of British transport workers in protest against the high price of beer was called today. The brewers did not take the threat seriously and predicted that the strike would fail.

I. R. A. OFFICERS ARE RELEASED

By Telegraph to The Freeman.

Belfast, Feb. 20.—The Irish Republican army officers who were recently seized by Ulsterites while on their way to a football match at Londonderry, were released this morning, and were given a military escort to the free state border, said a despatch from Derry.

SECOND RIFT IN IRISH ARMY

South Tipperary Troops Issue Defiant Proclamation—Treaty Foes To Make Strong Bid For Control of Gaelic League Convention.

By Telegraph to The Freeman.

Dublin, Feb. 20.—The second mutinous outbreak in the Irish Republican army was reported today from Tipperary. The South Tipperary Brigade issued a proclamation similar to that of the Middle Limerick Brigade on Saturday.

"The Irish Republican army is determined to rouse the nation from its lethargy to resist the treacherous inclusion of Ireland among British possessions," said the Tipperary proclamation.

Just before news was received of the Tipperary trouble, the ministry of defense in the provisional government had announced that steps were being taken to prevent a repetition of the Limerick mutiny when the recalcitrant brigade issued a proclamation refusing to recognize the heads of the I. R. A. and the provisional government.

Officials of the Dublin government said that the Limerick outbreak was unimportant and that it reflected the opinion of only a few men in the army.

A bitter fight is in prospect when the Ard Pheis, or annual convention of the Gaelic League of Ireland opens here tomorrow. The extremist Republicans, supporting Eamonn de Valera, and the moderates supporting Michael Collins and Arthur Griffith, will make a strong effort to control the convention.

Griffith said it was entirely possible that foes of the Anglo-Irish treaty might gain a majority in the convention but that this would have no effect upon the Irish political situation.

CUNEO TO BUILD 50 FOOT ADDITION

Vogel Secures That And Other Contracts.

George P. Vogel, mason and builder of 51 Henry street, has been awarded the contract to erect a fifty-foot brick building at the rear of John J. Cuneo's building, 618 Broadway, to be one story in height. Part of the addition which replaces the old frame structure back of the Cuneo building will be used as a laundry in connection with the Cuneo hotel adjoining while the other part will be connected as part of the store in front. Contractor Vogel has also been awarded a contract to do the mason work on a two family residence, also a garage to be erected for Jacob Goedtel on Downs street.

LIBBY TO TELL OF ARMAMENT CONFERENCE

At Friends' Church, Clintondale, Feb. 26.

Frederick J. Libby, executive secretary of the National Council for Reduction of Armaments, will give an address in the Friends' Church at Clintondale, February 26th at 11 o'clock in the morning. His subject will be "The Washington Conference and After." There will be no admission fee.

This is an opportunity to hear directly from the Washington conference.

Federal Reserve Report Cheering

Governor Harding Says End of Deflation is Near and Predicts Longer Prosperity Period Than Ever---Saner Business Methods to Make Trade Cycles Longer.

By Telegraph to The Freeman.

Washington, Feb. 20. The United States faces an era of prosperity of longer duration than the country has known in its history a period marked by saner business methods—Gov. W. P. G. Harding of the Federal Reserve Board said today in his annual report to congress.

Governor Harding's diagnosis of the nation's business condition and business prospects, was linked up with a review of finances which show that the country has about reached the end of deflation. Deflation has brought a decrease of $1,500,000,000 in loans of Federal Reserve banks to their member banks.

Easing of credit, a more confident feeling in the investment market and broader plans of business generally were cited to congress as favorable factors now in evidence.

"For some months past there has been a marked easing in domestic rates of interest," Governor Harding said. "Notwithstanding some unfavorable features in revenue laws, the investment market now is absorbing securities at reasonable rates which could not have been considered a few months ago.

"Market quotations for Liberty Bonds have steadily advanced until they are now approaching par, good railroad and industrial bonds have also appreciated, and there have been noticeable advances in standard stocks.

"There are well defined cycles in business. There are the short and frequently recurring cycles incident to the changes of the seasons and there are longer swings or periods of prosperity and depression.

"The rotation is as follows: 1—Business activity and increasing production; 2—Excessive expansion and speculation followed hitherto by panic and forced liquidation; 3—A long period of slow liquidation, business depression and stagnation and, 4—Revival.

"There are those who believe the beginning of revival is not far distant. When it does definitely set in, it will be followed in due course by an era of prosperity.

"In the light of recent experience, we should remember when we again enter the period of full prosperity that a reaction will follow sooner or later. If the flow of the incoming tide can be controlled so that the crest may not be reached too rapidly, nor rise too high, the subsequent reaction will be less severe and the next period of commercial and industrial activity will be marked by saner methods, greater achievement along constructive lines and by longer duration than we have had before."

Governor Harding said that "frozen loans" which some time ago made up an alarming portion of the loans of commercial banks, still constitute a substantial part of the non-liquid loans now held. Governor Harding informed congress that about 44 per cent of the liquidation of the loan account of the Federal Reserve system is due to the large increase in holdings of gold. Banks in 1921 increased their gold holdings nearly $1,000,000,000. Much of this gold entering the United States from abroad, has been used to liquidate foreign indebtedness, or to create dollar exchange for future use. All of the gold eventually reaches the Federal Reserve banks.

KAPLAN BOUGHT CANDY FACTORY

The Kaplan Furniture Company on the Strand has purchased the three story brick building on Ferry street used by Alonzo Terpening as a candy and ice cream factory, and will take possession about May 1. The building was bought in order to enlarge the store of the Kaplan Company to take care of the increasing business.

Mr. Terpening is having a two story concrete building erected on West Strand, adjoining his ice house, in which he will carry on his candy and ice cream manufacturing business.

SUMMER UNIFORM FOR THE POLICE

Police Board Grants Request of the Cops to Allow Them to Wear Lighter Uniforms During Warm Months—New Coats of Military Cut.

The warm spell of Sunday and today reminds the residents of Kingston that summer is only waiting around the corner, and it also reminds the members of the police department that the request of the majority of the members to be allowed to wear lighter uniforms this summer had been granted by the police board at the last meeting.

The new uniforms will be made up of police oakes blue serge instead of flannel. The coat will be of military cut fitting close to the neck, and allowing the wearer to discard his outer shirt and collar and necktie when the weather begins to register around 90 above zero.

In other summers the policemen have suffered considerable discomfort from the intense heat with their heavy uniforms.

DR MEAKER TO SPEAK AT NO. 6 P.-T.-A. MEETING

The regular business meeting of the Parent-Teacher Association of School No. 6, will be held Tuesday evening at 7:30 o'clock, at the school. All members are urged to be present at this time.

Following the regular business meeting at 8 o'clock, Dr. S. H. Meaker, of the state department of education, will give an address. A short musical program also will be given. Mrs. A. Hayes will render a solo and Kendel Zeliff a violin solo. Every one is cordially invited to attend. A special invitation is extended to members of other Parent-Teachers Associations.

D. A. R. Card Party.

On Wednesday afternoon, Washington Birthday, Wiltwyck Chapter members will enjoy a social time at the Chapter House when military five hundred and international dominoes will be played. Each chapter member may bring a friend or friends provided they notify Mrs. E. H. Bogart.

LEGION PLACES MANY JOBLESS

The New York newspapers on Sunday printed articles about the opening of offices by the American Legion Employment Committee in that city and that since January 16 they have placed about 25 per cent of the ex-soldiers who were out of work in positions.

Kingston Post, No. 150, American Legion, is ahead of its New York brother World War veterans in that it opened an employment office in the Hasbrouck building, 41 Main street, on January 3 and has been successful in placing nearly 40 per cent of the applicants in positions. Applications are coming in daily from ex-soldiers and Ralph Wiant who is in charge of the employment office has a number of capable young men on his list who he is anxious to place in some position, many being married men sorely in need of obtaining work.

ODDS AND ENDS.

Company A., Kingston Cadets, will meet at St. John's Parish House on Saturday evening at 7 o'clock for drill.

Saturday and Sunday passed quietly in Kingston. No arrests were made by the police and there were no cases in police court this morning.

S. Kline is making improvements to his property on Hone street and is installing a Kingstonian hot water system. The work is being done by the Canfield Stove Company.

A meeting of the men of St. John's Church will be held at the parish house this evening at 8 o'clock. Arrangements for the proposed supper to be held Friday evening of this week will be made.

The Parish Aid Society will meet at St. John's Parish House on Tuesday afternoon at 2:30 o'clock to sew for the Easter Missionary Box. All friends interested in missionary work are invited to join with the women of the church.

On Friday evening, February 24th the Men's Club of St. John's Church will give one of their famous roast beef suppers at the Parish House from 5 to 8 o'clock. The menu will be announced later. Tickets may be secured from any of the members of the club or at the dinner.

Father O'Hara at St. Joseph's.

The Rev. James A. O'Hara, son of Mr. and Mrs. Edward O'Hara of No. 89 Cedar street, who was ordained in the priesthood at St. Mary's Cathedral, Ogdensburg, N. Y., on Sunday, February 13, celebrated Mass at St. Joseph's Church in this city on Sunday morning, the church being filled with friends of the young priest. The Rev. William J. Corley of Staten Island, a warm personal friend of Father O'Hara, preached the sermon. Following the service a reception in honor of the young priest was held at the home of his parents, which was largely attended.

Daddy's Evening Fairy Tale

BY MARY GRAHAM BONNER

PENGUINS ONCE MORE

"I have just one more story I want to tell you of the penguins," said Daddy, and then I think I won't tell any more penguin stories for a long time."

"Pick My Steps."

"We've loved hearing about them, Daddy," said Nancy, "and when we've told a number of our friends what we knew about them they have liked hearing about them, too. So I do believe the penguins are popular."

"And they're such wonderful looking creatures," said Nick, "the way they can walk along like little men, and yet they swim with their wings and are called birds!

"I hope some day to go to New Zealand and some of the other out-of-the-way parts of the world and see them for myself!"

"Well, just one more story about them, then," said Daddy, "and then I really think we'd better not have any more penguin stories for a good long time, for there might be some friends who didn't care for penguin stories, and they'd rather have more of other kinds.

"Well, anyway, I must tell you about young Master Johnny Penguin and his brother when they were about to change their down.

"At the end of January they had left the nests, but still had been guarded over by their parents and had wanted to have their parents feed them and look after them as much as possible.

"They still were quite timid.

"They then wear their soft gray and white downy suits and about the first of February they begin to molt and show the feathers which had been growing underneath. They show white spots on their heads.

"Off comes the down, and the last of it to go is from the back of the head and the neck and shoulders.

"Their parents hadn't begun to molt as yet, though their feathers were beginning to look quite shabby and they were plainly in need of new clothes.

"They were going about, using their tails as props, as they always did, and were doing all they still could about feeding the young.

"For a time, when the older ones are molting, they change their new feathers and have orange feet, or orange boots, of which they are very proud and which they consider very handsome.

"The inner part of their wings, which have been pink during the time when they were thinking about the eggs to be hatched out, become white now.

"They were all as curious as ever, looking at everything they found and wondering what it could be and picking up odds and ends to see what they might be, not dropping them until they had satisfied their curiosity.

"'Now,' said young Master Johnny Penguin, 'I shall try to be like my parents. I shall sleep a great deal and when I awaken from a nap I shall see that I am looking quite neat and all.

"'I shall preen my feathers and do my best to look my best!

"'And when I walk I shall pick my steps carefully, taking steps high in the air, holding my tail high above the ground and balancing as I go along with my wings.

"'I shall swim well, going along quickly, and I shall now and again bring my head out of the water for a breath of air, and then I'll go down again quickly.

"My Cousin."

"'When I'm out on land I'll sometimes hop from one stone to another, as my cousin, the Rock-Hopper penguin, does. And when I am frightened I will get down on all fours and toboggan along.

"'And when I have nothing special to do and no one is bothering me when I'm going marketing or returning home from my marketing, I'll go along, paying attention to nobody, as my parents do.'

"That is the way to talk,' the parents of young Master Johnny Penguin said, 'but it will be better yet when you act that way, for actions, folks say, speak louder than words!

"'And when men from other places visit us here, let them stroke our backs, for it is the most pleasant thing in the world, and they do it so very, very well!'"

SEASONABLE GOOD THINGS

A very tasty meat loaf, which will serve six to eight plentifully, is the following:

Meat Loaf.—Get one pound of meat from the round and three quarters of a pound of fresh pork chops; add two eggs, one cupful of bread crumbs, or one-half cupful of oatmeal and bread crumbs, one cupful of stewed tomato, strained if desired; one teaspoonful of parsley, one and one-half teaspoonfuls of salt, and pepper to taste. Stir well and bake one hour in a loaf tin.

Hot Tamales.—Take two pounds of lean beef or chicken, boiled, cooled and ground fine. One pint of chili peppers, seeded and parboiled, the water changed once during the cooking; then sift the peppers through a sieve, add one clove of garlic, chopped, and salt to taste. Scald a pint of cornmeal in the beef or chicken broth, spread on pieces of corn husks two by four inches, then spread on the seasoned meat; roll, making three turns, fold in the ends carefully and tie securely. Steam two hours.

Veal Loaf.—Take two pounds of veal and one-half pound of fresh pork, both chopped; one cupful of bread crumbs, one-quarter of a cupful of milk, the juice of one lemon, one teaspoonful of the grated rind, one-quarter of a teaspoonful of grated nutmeg, one-quarter of a teaspoonful of pepper, two eggs, a few dashes of cayenne pepper and one-half can of mushrooms. Mix well and pour the liquor from the mushrooms over the loaf. Baste and bake two hours.

Sauce for Loaf.—Take two tablespoonfuls of butter, add the same of flour and cook until bubbling hot; add the liquor from the loaf; season, if needed; add the rest of the can of mushrooms and serve.

Belgian Hash.—Take one-half cupful of prunes, one-half cupful of currants, one-half cupful of sugar, one-half nutmeg, salt, pepper to taste, three-quarters of a cupful of vinegar and one-quarter of a cupful of water. Soak two pigs' feet and cook in the above mixture (after chopping) until all the liquor is absorbed.

Defends Puritan Architecture.

Wallace Nuttings' book on "Furniture of the Pilgrim Century" is an argument to disprove the fallacy that the Puritans were insensible to beauty and art.

Of the rugged substantial relics of their building, Mr. Nutting says, "There is solidity in them, durability, freedom from caprice, and an expression of that sober rationality everywhere characteristic of the Puritan genius.

"For adaptation to climate, wise use of accessible materials, inner convenience obtained at low cost and freedom from discordant lines, Puritan domestic architecture deserves high praise."

This is no less true of their furniture accessories. It is wrong to assume that their austerity and simplicity were forced upon them by mere hardship. Rather were they the outward expression of an inner nobility and spiritual exaltation.

Amusing, but What About Musicians?

An unrehearsed scene was enacted during the production of the revue "Splash Me" at the Tivoli Music hall at Hull, England. A spectacular feature is a great glass tank, said to hold 20,000 gallons of water, in which "bathing belles" disport themselves. As the tank was being prepared for the performance the rear side burst and water flooded the stage. The revue artists scampered off, but many of the musicians were drenched. The water found its way to the basement beneath the stage, and stood at such a level that the orchestra, on an elevated platform, had to play with their feet in several inches of water when they returned to their places. The consternation of the audience gave way to amusement when the orchestra was overwhelmed. The bathing scene, of course, had to be abandoned.

Yes, That's the Rub.

"It's our duty," said Uncle Eben, "to love our fellow men. But in order to do so you'll got to be terrible forgivin'."

Guard Yourself and Protect Others Against the Flu

Avoid crowds, sleep with your window open, at the first sign of a cold, fever and sore throat, or that Grippe feeling, commence taking Heneph's Cold & Grippe Tablets, that contain no acetanilide to weaken the heart, and apply Heneph's Red Salve Liniment. Nightly applications of Red Salve Liniment will aid nature in relieving inflammation. Because Red Save Liniment acts locally by stimulation, through the skin to draw out the inflammation, attracts the blood away from the congested spots and relieves the pain. In addition, the medical ingredients of Red Salve Liniment are vaporized by the body heat. These vapors are breathed in all night long, bringing the medication to bear directly upon the inflamed areas. These two preparations are being sold at the price of one at all dealers for the month of February. They are two well known remedies and should be in every home as a relief and preventative of Cold & Grippe and Influenza. A 50c jar of Red Salve Liniment free with a 50c package of Cold & Grippe Tablets. If your dealer does not have them send direct to Heneph Co. Inc., Kingston, N. Y.

MRS. SANGER MAY LAND, NOT PREACH

By Telegraph to The Freeman.

Tokio, Feb. 20.—Mrs. Margaret Sanger, noted advocate of birth control will be permitted to land in Japan despite refusal of the Japanese consul general at San Francisco, to vise her passport, it was learned officially this afternoon.

The official refusal of vise is regarded as a hint to Mrs. Sanger that she is not wanted here and will not be allowed to advocate birth control if she persists in coming, although she will be allowed to laud.

PORT EWEN.

Port Ewen, Feb. 20.—The firemen's fair opens this evening in Pythian Hall and continues on the evenings of Tuesday, Wednesday and Thursday. The first two nights big extraordinary bill, Frank Oulton's Seven Krazy Kids in "When the School Bell Rings," featuring Edward Harlow, Louise Collier, James R. Dean, Cora Purcell, Alice Dayton, Earl Purcell and Perry Allen in Izzie Cohen. Dancing every evening. Music by Balfe's orchestra. General fair committee, Henry E. McKenzie, Frederick Spinneweber, Nelson Sleight, William Schweigel, John T. Groves. Chairmen sub-committees: Entertainment, Roscoe V. Elsworth; door, Harry Mabie; floor and dancing, Lyman Elsworth; program, Lester O. Ferguson; decoration, Charles Zimmerman; electrical, Clarence Craig; fancy article booth, Mrs. Lyman Elsworth; candy booth, Miss Clara Spinneweber; soft drinks, Ezra V. Hotaling; lunch room, Lafayette Decker; check room, John Cure; ways and means, Reginald Van Leuven. The members of the fire company have spared nothing to make this fair and bazaar equal if not surpass the one of last year and if the people do all they can by their presence both socially and financially there is no doubt this will be the hit of the season. Be sure and be on hand at the opening night, tonight, and all the other nights. If you don't have a good time it will be your own fault, as everything has been done to make it so.

The Women's Missionary Society of the Reformed Church will meet at the home of Mrs. Mary F. Neice on Broadway, Tuesday afternoon, February 21, at 3 o'clock. Mrs. Millard Elsworth will have charge of the meeting.

The district superintendent of the Kingston District of the Methodist Episcopal Church, Dr. George W. Grinton, will hold the fourth quarterly conference in the chapel Friday evening, February 24. All members of the conference are urged to be present.

Charles Neice, contractor and builder, and Otis Terwilliger, are putting in metal ceilings in the house formerly owned by Dr. J. A. Decker on Broadway. Dr. Decker has sold his residence to New York parties, who take possession in April.

Mrs. Ella Carle of Woodstock is the guest of her sister, Mrs. George W. Shultis, and son, Harold Carle, on Broadway.

The Rev. George E. Wright, D. D., pastor of the Methodist Church, delivered a most helpful, clear, inspiring and encouraging sermon Sunday morning, taking for the basis of his thought 2 Cor. 12, 9 and 10 verses: "When I am weak, then am I strong for my strength is made perfect in weakness." Mr. Wright gives a great deal of thought to his sermons and brings to his hearers a Sunday feast that lasts all week. Sunday evening our pastor delivered a masterly and timely address on George Washington, showing his wonderful traits as a man and president of the United States.

Theodore Knetch of Kingston spent Sunday with his parents, Mr. and Mrs. Henry Knetch, on Stout avenue.

Mrs. Lynn is ill at the home of her daughter, Mrs. Christopher Ricks, on Salem street. Dr. G. W. Ross is the attending physician.

Harry Munson of Poughkeepsie was the guest of Mr. and Mrs. Silas W. Perrine on Broadway Sunday.

Mrs. Alexander Crook is ill at her home on Broadway.

Mrs. James Tinnie, Jr., who has been ill of tonsilitis, is convalescent.

Mrs. Ella Fairbrother, who has been ill of grip at her home on Salem street, is able to be out again.

Robert Proper is ill of tonsilitis at his home on Hamilton street. Dr. G. W. Ross is attending him.

Mrs. T. Zinke

There are pipes and pipes, but a Missouri delegation knew that the corncob pipe if presented to President Harding had them all beat. It was made of real old Missouri corncob. The delegation was headed by Mrs. T. Zinke, of Hillsboro, Mo., who said that she hoped that the president would find peace and comfort in its moderate use.

STUDENTS FAIL AGAIN.

Warned by the results of their first questionnaire, the educational experts of the Institute for Public Service put some lighter topics into the second, reasoning that school and college students would be better informed about sports and amusements than about world politics. But again they are disappointed. Thirty-five per cent of a selected group of boys did not know who won the World's Series in 1920, fifty per cent were uncertain as to the number of Babe Ruth's home runs, and others knew nothing about a famous film star. Some of the answers were vastly amusing, as the description of Suzanne Lenglen, the French tennis player, as a Japanese delegate to the Washington conference. There are students who think that Leonard Wood is governor-general of Philadelphia, that Hugo Stinnes is head of the Ku Klux Klan, and that Theodore Roosevelt (some said John Marshall) was recently appointed chief justice of the United States. One youth identified "a recent popular novel describing small-town life" not as "Main Street" but as "Robinson Crusoe!"

With such answers, following one billious professor's characterization of the average college student as "a complicated ass" and another's description of him as "a peanut who throws away his father's money and wastes his own time," the outlook seems pretty unpromising, but is not necessarily so. There is nothing disturbing in the fact that 970 out of a thousand high school seniors failed to recognize the photograph of the United States Commissioner of Education. Who can remember the portraits of the countless near-great and "prominent" that flood past in the newspapers and the movies day by day? This is unavoidably an age of an inaccurate smattering of a multitude of things, with relatively little accurate knowledge of anything. While too extensive college curriculums are cramping students the people in general are being crammed by the public prints. The modern mind is overwhelmed by the great mass of information offered for its digestion. The effect is like that of an incessant din which causes one in self-defense to stop one's ears.

IRISH WOMEN "FIGHT ON."

Kipling's declaration that "the female of the species is more deadly than the male" has been quoted until it is rather worn, but it is performing service again, and it does seem applicable to the Irish women irreconcilables, 600 of whom, members of the Sinn Fein, voted the other day to "fight on" for the Irish republic. It is recalled that Mary McSwiney, Countess Markiewicz and Mrs. O'Callaghan, of all the Dail members, were the most determined upon war to the last ditch on the very eve of the birth of the Irish Free State, while the men who had done the real fighting stood for the settlement and peace.

It is easier to talk war than to go into battle, but it seems to be harder for the fighting non-combatants, men as well as women, and particularly the women, to forget and forgive. They keep it up long after the real fighters have gladly fixed their minds on something more profitable. It rather looks as if women of Ireland of the class of those named above, dissatisfied with the peace and hugging bitter memories to their hearts, are going to be one of the most troublesome problems confronting Griffith and Collins in the early years of the Free State.

Explaining the popularity of Theodore Roosevelt, the correspondent of a New York newspaper writes: "While president of the United States he went up in an aeroplane and down in a submarine. He was a war hero and a peace hero. He boxed with a prize fighter and lost one of his eyes. He was an orator, lecturer, writer, naturalist, lion-slayer, discoverer, politician, statesman, diplomat, etc. By holding his party he gave us Woodrow Wilson and changed history."

The Obregon government will bar out of Mexico the frequent American films depicting the Mexican as a bandit or some variety of sneaking villain. Wall street no doubt wishes that it could secure protection in a similar manner, for the Wall street financier of the pictures is usually an extortionist or industrial wrecker and is never less than a devastating Lothario.

Burroughs Club Nature Notes

Copyright 1921, By HOUGHTON MIFFLIN CO.

What do you know about Nature Subjects? Send any questions of general interest to the Nature Notes Department of this paper. Look for answers in this column.

Can You Answer These Questions?

1. Which sex in parrots is most easily taught to talk?

2. Is there such a thing as a "doodle bug?"

2. How can I feed my pet chameleons? I have been giving them flies, but the supply is gone in winter, and they will not touch raw meat. They have been taking sugar and water.

Answers In Tomorrow's Nature Notes.

Answers To Previous Questions.

1. To what part of Canada is the black raccoon native? I don't mean the gray or dark gray. I have seen the black variety in captivity, in the east.

The black raccoon is like a black chipmunk or black woodchuck—an example of melanism, all-blackness, which is the opposite to albinism. In other words this black raccoon is a freak, not a real variety.

2. Is there a special breeding season for doves?

Meaning domestic pigeons, we suppose. No, they breed pretty much all the year around, except when moulting. Pigeon fanciers often interfere with this during the coldest months, as squabs hatched then are likely to freeze. The eggs may be taken by the fancier or the mates kept separate for a time.

3. How does the gypsy moth spread?

It used to be thought they clung to trains, boats, wagons, etc., thus reaching new territory, and this may be true to some extent. The female cannot fly except for rudimentary use of the wings, in falling, and she dies after egg laying. A modern guess is based on study of a European moth whose larvae are known to be distributed by the wind when tiny, with the aid of minute buoyant sacs on their bodies. Some entomologists now think the gypsy larva travels the same way.

OUR DAILY PATTERN.

A Pleasing Model for Slender Figures.

Pattern 3717 was employed to make this attractive style. It is cut in 4 sizes: 14, 16, 18 and 20 years. A 20 year size requires 5¼ yards of 36 inch material. The width of the skirt at the foot is 2 yards.

Duvetyn, tricotine, twill, crepe, mohair, canton crepe, satin and taffeta are good for this model.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Roudout, N. Y. Be sure to state the size wanted.

Catalogue Notice.

Send 15c in coin or stamps for our up-to-date fall and winter 1921 catalogue, containing 550 designs of Ladies', Misses' and Children's Patterns, a concise and comprehensive article on dressmaking also some points for the needle illustrating 30 of the various simple stitches), all valuable hints to the home dressmaker.

Give It to Them—

This trial tube—watch their teeth improve

If you prefer, let your children make this test. Let them brush their teeth a few days in this modern way. Then look and see what film removal means.

This is a way to whiter, cleaner, safer teeth. Millions now employ it. Leading dentists everywhere advise it. Let someone in your home this week show the benefits it brings.

Why teeth look dingy

Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, gets between the teeth and stays. It dims and may ruin teeth.

Ordinary tooth pastes do not effectively combat it. So film-coats have been almost universal.

Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay.

Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film, and, despite the tooth brush, they have constantly increased.

Must remove it daily

Dental science has long been seeking a daily film combatant. Now two effective methods have been found. Authorities have proved them by many careful tests.

A new-day tooth paste has been perfected, to comply with modern requirements. And these two film combatants are embodied in it. The name of the tooth paste is Pepsodent.

Millions of people of some forty races now employ it daily, largely by dental advice.

Two other new effects

Pepsodent brings two other effects which authorities now deem essential.

It multiplies the starch digestant in saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids which cause decay.

Every application gives these great tooth-protecting forces multiplied effect.

Real protection now

Now you can know what really clean teeth mean. Pepsodent fights film-coats, starch and acids—all the great tooth enemies. Then it leaves the mouth in normal alkaline condition. The glistening teeth you see everywhere now show something of the benefits it brings.

New beauty in a week

The Pepsodent effects are quickly seen and felt. This test will be a revelation to you.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Note the refreshing taste it leaves.

It will bring you prettier teeth, and quickly. But, more than that, it will bring you safer teeth. Cut out the coupon so you won't forget.

M'CORMICKS TO LET MATHILDE WED

By Telegraph to The Freeman.

Chicago, Feb. 20.—Max Oser, middle-aged riding master of Zurich, Switzerland, must become an American citizen if he weds Miss Mathilde McCormick, daughter of Harold F. McCormick, head of the International Harvester Company, and granddaughter of John D. Rockefeller.

This stipulation has been imposed it is understood, by the aged Standard Oil magnate as the only basis upon which he would consent to the marriage of Miss McCormick, who is sixteen, to the Swiss horseman. Rockefeller, it is understood, is strongly opposed to international marriages, but gave his consent on condition that Oser swear allegiance to the United States.

Consent of the McCormick family to the wedding has been given through the medium of formal announcement of the betrothal issued by McCormick.

ELLENVILLE.

Ellenville, Feb. 20.—Wawarsing Chapter, No. 253, O. E. S., gave a very delightful valentine party at Hunt Memorial Hall, Ellenville, Tuesday, February 14th. About one hundred and fifty members and friends attended and enjoyed the progressive game of hearts. The hall was very tastefully decorated with hearts, the tally cards were hearts, the prizes were hearts, a real heart to heart party and everybody enjoyed themselves. Sandwiches coffee and cake were served.

Dance Tonight.

There will be a dance this evening under the auspices of the St. Mary's Society at their hall on North street. Al Black's orchestra having been engaged to furnish the music.

BONUS AN IGNOMINY BUT SHOULD BE GIVEN

Or Veterans Will Be Disappointed, Writes One.

Editor, The Freeman:

As an ex-soldier who served in the A. E. F., I am ashamed of those who would capitalize their services to their country. But as an American I am more than ashamed. I'm disgusted with those who refuse to recognize that service with all its hardships and dangers by giving a bonus of a billion or two to the men who offered their lives, who suffered privation and misery absolutely inconceivable to any one who has not experienced them.

The A. E. F. did its full share toward bringing the war to a victorious conclusion. If it had worried as much about its three meals a day and its nights' sleep, to say nothing of the enemy's bullets, as some patriotic Americans who were 3,000 miles away from the war are worrying about a few dollars, the war might be going on yet and the money which is contemplated for a bonus would have been spent many times over.

At the close of the war and while still in France I read in certain enthusiastic New York newspapers that the whole country and everything in it belonged to the soldiers. Nothing was too good for them. The country may have belonged to the soldiers while we were in France but it changed ownership by the time we got back. Instead of having the whole country handed to us on a silver platter which we had been led to expect, all we got was Prohibition, and as for wringing a few hundred dollars out of a grateful nation—well, it hasn't been done yet.

If a bonus is handed out, I for one will not refuse it. At the same time it is to be regretted that the subject was ever mentioned. And so far as I can make out it wasn't the ex-soldiers who started it but the politicians—not to serve the soldiers but to serve their own ends.

The bonus as a whole is an ignominy. The politicians who started it, the war veterans who fostered it and the nation which withholds it all have their share in this ignominy. I have my own opinion as to which has the largest share in it, as have most other veterans. Now we have been led to expect the bonus and if it isn't forthcoming we'll be disappointed, first in the bonus, but chiefly in the country.

Aside from the principle of the thing a cash bonus should benefit the country by stimulating trade and production. Most of the money would circulate as soon as received, because most of the ex-soldiers need it.

WARM SPELL SUNDAY HIT SLEIGHING IN KINGSTON

After a dose of zero weather the latter part of last week the temperature began to rise on Saturday, and Sunday ushered in a warm spell that hit the sleighing in the city a heavy blow. The sun melted the ice and snow to such an extent that sidewalks and roadways were covered with water and made walking very disagreeable. During Sunday night the weather grew a trifle colder, just enough to form a skim of ice which made walking early this morning rather dangerous, and numberless falls on the part of pedestrians were recorded. The warm spell has also spoiled the skating that has been enjoyed on the Hudson river and Roudout creek. The ice harvest was finished some time ago.

"Santa Claus" Really Dutch.

The American "Santa Claus" is a corruption of the Dutch San Nicolaas. G. H. Mellinghoe says: "Santa Claus, the name derived from Saint Nicholas through the familiar use of children in Teutonic countries, crossed to America. The direct route followed by him in numerous spots to mention. On the way he model his gray beard for a reindeer and made changes in his appearance."

GIRL SHOOTS SCOLDING BROTHER

By Telegraph to The Freeman.

New York, Feb. 20.—Lena Russo, 18, early today emptied a revolver at her brother, Alfonso, probably fatally wounding him because, she alleges, he upbraided her for letting a caller stay until after midnight, and attacked her father when he intervened in support of her.

Alfonso, who is 21, had forbidden his sister letting the caller, whose name was not revealed, come to the house again, when the father, who was favorably impressed with the young man, intervened.

Alfonso, the girl said, had thrown her father across a bed and was choking him, when she rushed to a bureau drawer, snatched her father's revolver, and fired.

She then called the police, who took the brother to a hospital in a dying condition, and arrested her on a charge of felonious assault.

AMERICAN OIL MEN TO PAY MEXICO BIG TAX.

By Telegraph to The Freeman.

Mexico City, Feb. 20.—The balance due on $40,000,000 taxes owed to the Mexican government by the "big five" American oil companies will be paid this week, it was learned from official sources today. The taxes cover the period from July 7 to February.

The government has promised to apply the tax money upon the foreign debt. This taxation covers exports of petroleum. Smaller companies already have paid several hundred thousand dollars.

LOCAL POST OFFICE AMONG HIGHEST TEN

In January Sale of Government Securities.

Postmaster DeWitt has been called upon within the last few days to make a report for the treasury department concerning the sales of treasury savings certificates at the local post office during January.

The tendency of the times is growing very strong in the direction of saving and the conservation of savings. The president remarked on this in a recent speech before the government's department heads regarding the efficiency of the budget system in saving the government's funds. President Harding said:

"I want to tell you how much I have been pleased at the spirit of economy manifested all over the country not only throughout the departments of government activity, but among the people at large."

"I cannot but feel," continued the president, "that the government has in this budget organization, set an example of care and thrift that has helped greatly to make saving fashionable."

It is the earnest desire of Postmaster DeWitt that the men and women of this community make full use of the facilities offered by the post office for investment in the savings securities of the United States.

Only ten cities equalled Kingston's investments in these government securities in January in the entire federal reserve district of New York, New Jersey and Connecticut.

Quenched Love Affair.

When I was in the third grade in school I was quite "crazy" about a boy who sat across the aisle from me. One Monday morning, a few minutes before the 9 o'clock bell rang, I was sitting in my seat studying. The boy came into the room. He walked up to my desk and said: "Say, Mary, Saturday Howard and I went fishing and I caught a fish that long," and as he threw out his hand, he slapped me across the face. And so ended my first love affair.—Exchange.

MICHAUD PREDICTS BUILDING BOOM

Thinks Next Few Years Will be Those of Greatest Growth Here and Gives Reasons to Support Belief.

That Kingston is to show some real growth in the next year, or the next two or three years, is the general opinion of most people who are acquainted with the city, its history and its changes during the past five years. When such an expression comes from a man who has some authority in the matter, its importance and interest multiplies.

Kingston is destined to grow this year; the next few years in all probabilities, will be those of greatest growth in the history of the city, says Charles J. Michaud, himself a builder and booster of Kingston.

Mr. Michaud points out case after case where building and expansion had literally been forced by the natural growth of the city and also, he cites reasons why Kingston and even its suburbs will grow branch out and expand in every direction within the present year and the years immediately following.

"The time is right," says Mr. Michaud, "for Kingston to go ahead. Its natural beauty and the beauty of the whole area of the county, its ideal location and its wonderful residential opportunities are realized by thousands of people who visit here each month throughout the summer seasons, and this number is increasing. It is placing a greater burden on the hotels, boarding houses and on the stores. In every avenue of business there is a demand for better or larger accommodations. Each month adds several families to the community for men come here to work. They must have homes and homes are scarce in Kingston at the present time. There is an opportunity for investors not only in business properties, but in homes and apartments. Then, too, there is sure to be an enormous increase in automobiles, and automobiles need housing, fuel and repairs. I am sure that the next few years will more than tax every garage in the city to its maximum capacity.

"There are signs of increasing activity in the building industry all over the country. This pertains not only to the increasing volume of operations but also to the general tone of optimism which is apparent. There are fewer indications of a hesitant attitude by builders. The pressure for new structures of residential type is strong in Kingston and I believe that as time develops the building industry will prove an increasing factor in absorbing unemployment and stimulating the general business conditions of the city.

"It is contrary to experience to expect continually falling prices in the face of abnormal demands and activities. Considerations also must be given to the revival of general business in the city and in the entire country and eventually in the entire world. While there will be fluctuations in building costs based on local or temporary conditions, and while there may be occasional recessions from present prices, it seems contrary to the dictates of conservative judgment to withold any required building projects in the expectations of securing pronounced price reductions. I would advise all who intend to build, to get their plans under way and be in readiness, and build just as soon as the opportunity presents itself."

Mr. Michaud is of the opinion that more homes are to be built in Ulster county in the next two years than in any other such period in the history of the county. Such an opinion is shared by a great many people of this city who are in a position to know what is being planned and what is required. Mr. Michaud, however, is conceded to be an excellent authority on the matter. Those best acquainted with the trend of progress in matters of construction, will in all probability, agree that he and his company have assumed a position of importance in Kingston because of the work which they have done.

Mr. Michaud came to Esopus, Ulster county, N. Y. in the fall of 1909, and was connected with the Col. Oliver Payne estate throughout its construction. He had then been in the employ of J. W. Bishop & Co., Inc., general contractors, of Worcester, Mass. for fifteen years. During that period he was in charge of large building operations which proved very successful.

During the life of the Payne mansion work he made a great many friends in Kingston and determined to stay here. Later he became superintendent of construction for the Campbell and Dempsey Company for the erection of the county clerk's office building at Carmel, Putnam county, N. Y. He was prominently employed on the New York State capitol through the re-construction of same after the fire in the year 1912. He built the light house pier at the mouth of the Rondout creek—rather a difficult task because of extra high tides and spring freshets.

Mr. Michaud went into business under the name of Charles J. Michaud, General Contractor. From this time, this concern has built 90 per cent of the buildings of any consequence in Kingston and vicinity.

Within the last three years they have built such buildings as the Warren building on Fair street, Kennedy building at the corner of Broadway and St. James stret, the first unit of the F. Jacobson & Sons' shirt factory, the big addition to the Van Slyke & Horton cigar factory, the Herbert Brush Mfg. Company plant on Greenkill avenue, mechanical drier buildings for the Staples Brick Company, alterations and additions for the Jacob Forst Company on Abeel street, general improvements for the Thomas Wakefield estate in Hensonville, N. Y., National Ulster County Bank, corner Wall and John streets, alterations and additions Central Hudson Steamboat Company, large addition to buildings for the Schilling Furniture Co., Deyo street, large three story addition on the Fitzpatrick & Draper cigar factory, alterations and additions to Stuyvesant Garage, large three story addition to the Jacobson Shirt Manufacturing Company, two story brick building for the Polish Sick and Aid Society, Delaware avenue, alterations and additions for the proprietors of the Grand Hotel, Highmount, N. Y., completed a contract for all of the excavations and the building of piers, abutments, anchorages and approaches to the Rondout Creek Bridge, and many others.

In April, 1921, by reason of the continually growing business, a company was formed under the name of the Michaud-Campbell Company, Inc. Mr. Campbell is the son of the late John J. Campbell, of the firm of Campbell & Dempsey.

In relation to a recent editorial which called attention to safety of buildings under process of erection and dealing with the safety of large buildings designed to accommodate crowds of people, Mr. Michaud says: "Have the job built by a good contractor at a fair price. You don't gain anything by driving a hard bargain with a contractor. The more you get him to reduce his price, the more likely you are to find the quality of the construction reduced. No man yet succeeded in getting a contractor who is losing money on a job to put his best efforts and finest workmanship into that job. No amount of inspection will make a poor contractor into a good one. You will get what you pay for, and if you are determined to pay a fair price and have picked out a good contractor, you will get what you are looking for—a well built, comfortable, permanent building that will be a source of pride and happiness to you for the rest of your life."—Advertisement.

ELECTRICAL STORM IN ADIRONDACKS

And Goose Bone Prophets Forecast Real Cold.

By Telegraph to The Freeman.

Saranac Lake, N. Y., Feb. 20.—Old-timers who have had long practice in reading signs in this, the Medicine Hat district of the east, say there's a bad spell of real cold coming. It was 51 below in some parts of the other day but this is to be a "hard cold spell."

The unscientific prophets base their prediction on the severe electrical storm followed by wind and rain, which broke during the night. Telephone and telegraph wires were badly affected and the display of lightning was on an unusual scale.

WASHINGTON PARK HOTEL AT TANNERSVILLE BURNS.

The Washington Park Hotel, a short distance outside the village limits of Tannersville, was destroyed by fire last Tuesday. Water was not available because the fire hydrants do not extend beyond the village, but a bucket brigade was formed and succeeded in saving the annex, which caught fire several times. Some of the furniture also was saved. The hotel was purchased last year by Abraham Nadler, who is said to have expended $15,000 for improvements and furniture. The damage is estimated at $25,000, partly covered by insurance. The origin of the fire is unknown. The hotel had been unoccupied during the winter.

MARSHALL NEILAN'S BITS OF LIFE

The most surprising photodramatic innovation of 1921

14 stars including Wesley Barry & Lon Chaney. 4 fine stories

FROM SOCIAL WORLD—FROM UNDERWORLD
FROM SAN FRANCISCO'S CHINATOWN.

FIRST BIT: "The Bad Samaritan," a slice of satire snipped from slum and social crookdom of New York. The story of a thief who got in wrong through good intentions. It's a Thomas McMorrow story from the Popular Magazine.

SECOND BIT: "The Man Who Heard Everything," a comedy-drama true to life. A Smart Set gem by Walter Trumbull.

THIRD BIT: "Hop." You surely read this yarn by Hugh Wiley in the Saturday Evening Post. From San Francisco's Chinatown the characters come—strong, real-life people in a story of a Chink who wanted a son. Lon Chaney gives an unforgettable portrayal in this.

FOURTH BIT: "The Strange Adventure," and it certainly is one. Marshall Neilan wrote it himself to top a delightful entertainment with a dandy surprise.

NEW MILLINERY NOW ON DISPLAY

The opening of the new millinery department at the Up-to-Date Co.'s store under the management of Mme. Miller of Syracuse will occur on Thursday, Friday and Saturday of next week. The newest creations in millinery are now being displayed on the second floor and are creating most favorable comment among women who appreciate individual and exclusive models. This is only one of the many new departments soon to be added to Kingston's leading women's apparel store.—Advertisement.

LIMBERS UP YOUR SORE STIFF JOINTS

WEATHER exposure and hard work bring pains and aches in muscles and joints. Have a bottle of Sloan's Liniment handy and apply freely. *Penetrates without rubbing.*

You will find at once a comforting sense of warmth which will be followed by a relief from the soreness and stiffness of aching joints.

Also relieves rheumatism, sciatica, neuralgia, sprains and strains.

For forty years pain's enemy. Ask your neighbor.

At all druggists—35c, 70c, $1.40.

Sloan's Liniment Pain's enemy

For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers.

It goes right to the spot with a gentle tingle, loosens congestion, draws out soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister.

Nothing like Musterole for croupy children. Keep it handy for instant use. 35 and 65 cents in jars and tubes; hospital size, $3.

Cape Cod.

Francis Drake was the first English man to set foot in New England, and he landed on Cape Cod. French, Dutch, Spanish, English—all had names for the cape, but in 1602 Gosnold, examining the coast of New England with a view to colonizing, gave it the predestined name—Cape Cod. An effort was subsequently made to have it called Cape James, but without success.

Perfection as Moral Force.

So it is that good taste also [illegible] for perfection and works toward it and is itself a moral force and influence. Perfection is perfection, whether it be in writing, painting or living. It is the goal of all human endeavor in every department of life. Civilization, whatever be its manifestation, is the result of a struggle for excellence and a never-failing aspiration toward it.—Chicago Daily News.

She has a perfect "understanding," according to the Chicago Art Institute, which has honored Miss Mary Cranston, of that city, with the title of having the shapeliest limbs and feet in the United States. A cast of her feet and limbs has been added to the exhibits of the Art Institute at Chicago.

Fear.

One woman at a hotel in the interior of Ontario the other night asked the clerk for a key to her room. "Key" said the bold proprietor, as if she had asked for the crown jewels. "Why, we never lock our doors around here. The last man who had a key to that room took it away with him 15 years ago." "Er-r-r-r," said the persistent woman, "you don't think, perhaps he might come back with it tonight"—Toronto Telegram.

Knew His Limitations.

A small boy when told by his teacher at Sunday school that he would leave his body behind when he died, said in alarm: "I don't understand that." "You see," explained the teacher, "you will take all that is good with you to the better land, and leave all that is naughty here on earth." "Oh," he exclaimed understandingly, and then after a moment's thought, he added soberly: "I guess I'm going to be pretty thin there, teacher."

Coal.

Estimates of the quantity of coal still stored in the earth are not much better than guesses, because there may be and probably are many and large deposits still undiscovered. Mulhall's work on statistics estimates the contents of the world's coal fields at 30,000,000,000 tons but these estimates were made several years ago, and since then other coal fields have been discovered. For instance they made no mention of Africa, where coal is now known to exist in large quantities, but the extent of the known deposits has not been accurately ascertained, and probably what has been found is only a small part of what exists. The same is true of China and several other large divisions of the earth. There are many things yet to be learned respecting the contents of our earth. According to that well-known authority, the Economic Review, of London England, the world's total output of coal in 1913 was about 1,200,000,000 tons, and about 1,000,000,000 tons in 1919.

Tender Turkey?

'Twas Saturday night and the business girl and her mother were out selecting a turkey for Sunday dinner. As the butcher cleaned it the B. G. noticed that he attached the legs to a hook and pulled the turkey away, with the result that the long tendons came free. The B. G. looked at mother in surprise, and asked, sotto voce: "Why did he do that?" Mother replied: "I don't know; you'd better ask him." Mother had purchased many a turkey and if she didn't know it must be some new stunt, so when the dressing was completed and the turkey wrapped the B. G. put her question. "Why did you pull out the cords from the legs?" she asked. The butcher smiled. "That makes them easier to chew," he said. The B. G.'s curiosity is appeased.—Chicago Journal.

World's Smallest Republic

Nestled within the confines of a square mile in the Pyrenees, the Lilliputian republic of Goust, smaller even than the republics of Andorra or San Marino, has had its independence recognized by France and Spain for the last three centuries. It has a population of about 250. Its people are ruled by a council of elders and they pay no taxes or duties of any sort. This civic unit is so tiny that it has to go abroad to find consecrated soil and body. For these it has to go to Laurent, the nearest French town. Even the dead must leave Goust to find consecrated ground in which to lie; the coffins are sent downhill, out of the smallest republic in the world.—Philadelphia Ledger.

Odd Affection.

In the dormitory at the boarding school one evening a girl fainted and fell from her chair. When she regained consciousness she screamed with fright, not knowing any of us. She had forgotten the last three years of her life. That evening we kept her lying in a dark room. It happened that I lived in her home city, although we had never met. So all evening she talked about people, places and events three years before, which to her was the present. Unfortunately, she mistook my young man for her brother and was most affectionate all evening. She was well the next morning.—Chicago Journal.

Interment in St. Mary's cemetery.

ESOPUS.

Esopus, Feb. 20.—Post cards from Mrs. Theodore Traver from her home in Isle of Pines, Cuba, state that both herself and Mr. Traver are well and busy as ever. Their many friends in this village and vicinity will be glad to know they are enjoying good health.

The writer witnessed a novel sight at 12:15 Sunday afternoon. About twenty feet from kitchen window a beautiful doe was standing with head raised and ears alert, looking intently toward the state road. Just at that moment an automobile appeared and the animal turned quickly and with long leaps rushed toward the mountain.

The fourth quarterly conference of Port Ewen and Esopus will be held at Port Ewen Methodist Church on Friday evening of this week. All members of the official board are requested to attend.

Mrs. Calvin Cole was called to Larchmont, N. Y., last week by the illness of her mother, Mrs. J. Lund.

Mrs. Helen Devo has been ill during the past week and is under the care of Dr. G. W. Ross of Port Ewen.

Mr. and Mrs. Hugh Palen, Mr. and Mrs. Ernest Palen and little daughter, Mildred, of Kingston were Sunday guests of Mr. and Mrs. Charles Palen.

Mrs. Phoebe McLean returned from her visit with friends in Kerhonkson and Ellenville on Thursday of last week.

Mr. and Mrs. William Ganoung, who were guests of Mr. and Mrs. J. P. Ganoung for more than two weeks, started on their homeward trip to Newark Valley on Tuesday, February 14. They will stop at Binghamton and Waverly on their way and visit friends in those places. A card sent to Mr. Ganoung's brother stated they had very pleasant weather on Tuesday but the following day was very stormy.

Elmer Lund of Larchmont spent the week end with his family in this village.

LAKE HILL.

Lake Hill, Feb. 20.—A surprise birthday party was tendered Mrs. Newton Reynolds, at the home of Mr. and Mrs. L. A. Van De Bogart on Tuesday evening, February 14. Guests were present from Bearsville and Shady. During the evening many games were played, and a dainty luncheon served. All departed voting the hostess a splendid entertainer.

Miss Helen Staples, who has been ill with the grip, is able to be out again.

Eugene Wilbur spent the week-end with his wife of this place.

The school was closed three days last week on account of the illness of the teacher, Harrison Gridley.

Mr. and Mrs. Paul Carley and children returned home Sunday, after spending a week with Mr. and Mrs. L. A. Van De Bogart.

Ishmael Rose of Bearsville, called at the home of Henry Carle on Sunday.

Urellan Van De Bogart spent Sunday afternoon with his sister, Mrs. N. V. Reynolds, at Shady.

Mr. and Mrs. Mahlon Thomas are spending a few days in New York city.

Mrs. Lulu Quick and daughter, Mabel, are occupying the Held Cottage.

Miss Ruby Gridley spent Sunday night with her aunt, Mrs. Ezra Gardner at Shady.

Mrs. William H. Wilbur and sons, Vernon and Willis, also Richard Howland, called on Mrs. Lulu Quick Sunday afternoon.

Origin of Tuning Forks.

Tuning forks are among the most important of acoustical instruments. They were invented in 1711 by John Shore, Handel's trumpeter, and since then have been invaluable to makers of instruments and to musicians also.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman

New York, Feb. 20.—The stock market showed a strong tone at the beginning of business today, many issues being in large demand. Mexican Petroleum moved up 2½ points to 122¾. Studebaker was ¾ higher at 95 and Kelly Springfield showed a gain of ½ at 27½. Baldwin Locomotive continued in demand, selling at 196, an upturn of ⅝ while U. S. Steel showed a gain of ⅝ at 91¼. The Missouri Pacific issues were in demand, the preferred stock moving up 1½ to 50. Cuban-American Sugar was another strong feature, the common advancing ⅝ to 20.

During the early forenoon, most interest was attached to the operations in stocks in which bull activities were the chief feature of the trading. The activities in the railroad stocks caused a diverging of speculative interest. The marine issues were also active and strong.

Strength continued in the market during the afternoon, with Steel Common being the most prominent feature.

The market closed strong, government bonds unchanged; railway and other bonds strong.

Mesquite a Boon in Desert.

"In a year or two of wanderings on the Colorado desert I often had occasion to bless the mesquite," says J. Smeaton Chase in an article in St. Nicholas. "It has been to me house, fuel and fuel, as well as stable and fodder for my horse, and, had it been necessary, food for myself. Indeed, I often thought my mesquite might well have been adorned with a signboard such as the old inns used to carry—'Good Entertainment for Man and Beast.' The one want that it is powerless to supply is the greatest one of all, water. With its bright, soft foliage, it seems to promise that also, but it draws its moisture from sources far too deep for the traveler to reach. Thirty, forty, fifty feet down, the great dandelike roots go searching for the damp soil, and miraculously find enough of it in the driest of desert for keeping up the struggle for life. There are two species of the mesquite, the difference being most marked in the fruit. Both are beans, but one is long and narrow, like the stringbean, and the other is tightly coiled into exact resemblance to a screw."

Flanders.

The Flemish form of the name Flanders is Vlaenderen, and the word means the country of the Flemish. The Flanders of the Middle ages was a self-governing countship, that is, a country whose ruler was a count, but at times it was under the suzerainty of France, and sometimes under that of the empire, which then included the Germanic states. The Flanders of the Middle ages is today divided between France and Belgium, the greater part being included in Belgium, and two provinces in the western part of the latter country are known as East and West Flanders, the latter fronting on the North sea. Practically all the country that formed the Flanders of the Middle ages is low and level; hence it was commonly called the Low country.

Do You Know the "Guidguid"

The "guidguid" is sometimes described as a barking bird. This term is applied in tropical America to any small bird that gives a quickly repeated cry, particularly to those which seek their insect food on the "floor" of the forest.

IS TRULY GIGANTIC CONCERN

United States Post Office Talks in Billions When It Tells of Business Done.

The post office spends $600,000,000 annually. The annual turnover, the in and out of the business, which measures any business, is more than $3,000,000,000, writes Will H. Hays, postmaster general, in the Review of Reviews.

In every hour of the twenty-four, 1,100,000 letters are mailed. In every day of the 365 days, 33,000,000 letters are sent, during this year more than 12,000,000 letters will be handled, fourteen billion postage stamps, 1,250,000,000 postal cards and 2,750,000,000 stamped envelopes are sold every year.

More than 326,000 postal co-workers are daily engaged serving the 110,000,000 people, or one postal worker for every 337 persons.

The postal establishment operates its railway mail service over rail trackage long enough to encircle the earth ten times. Forty-three thousand rural carriers go out every morning, serving 6,500,000 families, and before sundown every day travel 1,170,000 miles—a total of 353,000,000 miles a year over the highways of the country.

We use 800,000 miles of twine every year tying the packages of letters, enough twine to encircle the earth 32 times. Every year 6,500,000 pounds of paper are used in manufacturing the postal cards alone. Debts totaling $1,500,000,000 are paid through the Post Office department annually, with $150,000,000 money orders. There are 500,000 depositors in the postal savings, a larger number than in any banking institution in the world, and 75 per cent of them are of foreign extraction.

Sixty-five million mail sacks are in use constantly and it requires 6,000,000 yards of canvas every year to keep up the supply. There are over 1,625,000 separate facing slips used on the packages of letters and pouches of mail. One hundred and eighty million envelopes are used annually for the correspondence of the postal service alone and 1,000,000,000 blank forms.

There is twice as much business done in the post office in New York city as in the entire Dominion of Canada. An average of more than 150,000 letters every day in the New York post office alone are re-addressed from city directories; 10,000,000 letters every year go to the dead letter office—think of the cost which those services bring to the taxpayers because of the carelessness of the public in addressing.

Put It in Writing.

Agreements made by word of mouth are like leaves of the forest. They fade out, drop off and blow away. Make a couple of copies of any contract you enter into. Keep one yourself and give the party of the second part another and lay the third away in your safe, with your most valuable papers.—Farm Life.

California's Golden Crop.

If the Forty-niners, who panned their gold from the silt of Sutter creek, were to return today and see California ranchers picking gold off the trees which cover more than 200,000 acres of land, they would begin to realize that the citrus growers, not the placer miners, made California the Golden State.

Placer mining played out just about 50 years ago and just a little later than that people began growing gold on trees in this state, says the Los Angeles Times. Today the golden romance of California has for its background the glorious green foliage of her wonderful citrus groves. The industry was founded upon two little trees which were brought here from Brazil. Today the orange and lemon business of this state rolls up $85,000,000 in wealth every 12 months.

In a little more than 40 years, from an experiment with fruit that Brazil was interested in only from the standpoint of producing enough for her own use, Californians have developed an industry which flanks her thousands of miles of paved highways with green and gold, and supports perhaps 20,000 industrious ranch families.

England's Film City.

"Los-Angeles-on-Thames" describes a wonderful film city, which is springing up at Walton-on-Thames, England. Six big studios are in course of erection, and Oatlands park, a fine old English estate has been acquired for the development of film manufacture. It is appropriate that this development should take place at Walton, for it was in the small kitchen of a house in Hurst Grove 21 years ago that Cecil Hepworth, the pioneer of film production, made his first moving picture. Since then the Hepworth firm alone has turned out 5,500 films from one small studio many of which have gained world-wide reputation. There was bound to be a reaction against the constant Californian settings of film pictures, and Great Britain compares favorably with Los Angeles' best. The Thames valley affords scenery that is incomparable anywhere.

Mustache Cup? Whazzat?

An elderly and old-fashioned resident of Detroit broke his mustache cup the other day, and he worried about it as though he had lost his last friend. Grandson set out to get him a new one, but not a mustache cup could be found in all the stores of Detroit. Many younger clerks didn't even know what a mustache cup was, while the older clerks remembered that they had not seen any in stock for several years.—Detroit News.

Comprehensive Exhibition.

The Field museum in Chicago has an exhibition of food which, according to President Stanley Field, is the greatest in the West. It contains everything in the way of edibles that belongs to the vegetable kingdom. The department of botany alone lists more than 250,000 items.

BRINGING SANTA UP TO DATE

Modern Child Considered Him Much Too Old to Be Riding Around in an Airplane.

Story hour in the Prospect branch library is an important occasion for many youngsters of the neighborhood. As it was Christmas week, the usual yuletide stories were being told the eager group. Santa, as is the custom, was described to whirl through the sky and even past the handle of the dipper with his sleigh and reindeers.

One little precocious miss doubted the means of travel very much and did not hesitate to criticize. "Santa ought to use an airplane now," was the more modern version. St. Nick seems to be taken for granted, but a querulous questioner asked: "How old is Santa? He brought my mother toys and things when she was a little girl, so he must be an old man now, and too old to ride in an airplane."—Indianapolis News.

Ask Dad—He Knows!

It was little Ethel's first visit to the post exchange. Her father, a lieutenant colonel captain, had dropped in to buy some necessary articles and had taken along his five-year-old daughter for company.

The businesslike private drew a pencil from behind his ear, jotted down the sum total of the captain's purchases, wrapped up the articles in a parcel, gave the captain his change, and proceeded to straighten out his temporarily disordered stock.

Little Ethel watched the brisk movements of the post exchange clerk with the keenest interest, but said nothing until her father was ready to leave. Then she clutched at his coat sleeve and asked, just loud enough for the embarrassed private to hear:

"Say, daddy, is he a merchant marine?"—The Leatherneck.

Wheat History Was Made.

Among the ceremonies to celebrate Armistice day in France was the inauguration of the first of the commemorative boundary stones which the Touring club of France is going to place at the points on all roads of France where they cross the lines of the battle front of 1918.

These stones are in the form of a four-sided truncated pyramid with a poilu's helmet on top, crowned with laurels. On the side are grenades from which more laurels spring, and the principal side, facing the road, bears the inscription, in French, "Here the invader was driven back, 1918." This first commemorative stone was inaugurated at Chateau Thierry, by a representative of the ministry of war, in the presence of the military attaches of all allied countries.

And There's the Truth.

"De main duty most wittin' to stir up trouble," said Uncle Eben, "is generally de one dat's least able to look out fob himself when it arrives."

CAN'T LAUGH AT SMALL BOY

Investigation Shows That Modern Woman's Pockets Contain Wonderful Variety of Objects.

The number of things which a small boy carried in his pocket was once a subject exciting comment. Today a girl of any age usually exceeds the quota of the most acquisitive of small boys.

The articles which fill the feminine handbag or envelope purse are of course vastly different and yet there are certain similarities.

The small boy carried usually a supply of fishing tackle, some string and a hook or two and often a dead angleworm.

The woman's fishing tackle is different—her bag holds powder, rouge, mirror, a comb and sometimes an additional pair of eyelashes to stick on when she wants to dazzle.

The small boy carried nails.

The woman carries a nail file.

The small boy carried two coins with holes in them and a Canadian penny.

The woman carries carfare usually and her husband's telephone number and office address.

The small boy carried a bunch of jokes cut from the papers.

The woman carries at least a couple of love letters.

The small boy carried a secret missive in which the announcement of a neighborhood cock fight was mysteriously indicated in rubbed red chalk.

The woman carries a bargain sale announcement.

In addition the woman carries three postage stamps shriveled up and damaged, one broken glove clasp, one milk bottle return check, four memorandum slips, four house keys, two samples and several varieties of pins.

The small boy carried a pack of cigarettes.

So does the woman.—Exchange.

Notorious Prison.

Belem prison, Mexico City, formerly known as one of the plague spots of Mexico, has been renovated and made into a model house of detention by the Mexican government. Schools for the teaching of manual training and the rudiments of education are maintained for the women, and schools for similar training for the men will be installed shortly. Shower baths and fountains have been installed and the meals are wholesome and sufficient. Heretofore, Belem had been notorious for its unhygienic condition till the worst fate imaginable to be meted out to a criminal was a sentence to this prison.—Dearborn Independent.

Easily Settled.

"Last week Cholly was in a dilemma—in love with two girls."

"The matter was easily settled."

"Why?"

"Neither would have him."—Louisville Courier-Journal.

No Easy Matter.

Success is largely a matter of hiring expertness and selling it at a profit.—Boston Transcript.

New Use for Old Clock.

Little brass or fancy clocks, which were very popular a while back, but which have lost their "going" powers and stay stopped the face indicating a time that is wholly wrong all the time, can be saved for a new purpose by taking out the glass crystal with case, inserting a picture and pressing it back in. Thus the little clock will be transformed into a picture frame and its prettiness will still adorn the mantel shelf.

MATTERS BEFORE THE SURROGATE

In surrogate's court Surrogate George F. Kaufman has ordered and decreed the issues raised in the matter of the probate of the last will and testament of Jane K. Larkin late of the city of Kingston be decided by a jury in the supreme court to convene at the court house on Monday, March 6. "Foie Gras."

Foie gras is the French term for goose liver. One of the most famous industries of Toulouse, France, is the scientific fattening of geese for the enlargement of their livers. The birds are kept in special coops which prevent their taking exercise and are fed to the limit of their capacities. Foie gras is imported in jars or tins in four forms—foie gras au naturel, pate de foie gras, purie de foie gras and saucisson de foie gras.

The trustees of the First Presbyterian Church have been cataloging the large library of books recently presented to the church by Mrs. George Allan, in memory of her husband, through whose efforts this handsome edifice was built during the year 1899.

Embarrassing.

My most embarrassing moment was one day when one of my friends and I were in town together. We went into a store and my friend bought a toothbrush. The storekeeper wrapped it up and we started out of the store. He said something. I thought he asked if we wanted anything else, so I said "No," and we went out of the store. When we got out on the steps he came out behind us and asked my friend if she wasn't going to pay for the toothbrush. I certainly felt foolish, because I knew then that that was what he had asked before.—Exchange.

SOCIETY NOTES

Miss Zelda E. Neher of this city who is a student at New Paltz Normal was a week-end guest of Miss Hazel Cluett of Poughkeepsie. Miss Neher was entertained at a dinner party in her honor at Wagner Inn on Saturday evening, February 18.

A pleasant surprise party was given at the home of Green L. Davis at Stone Ridge, February 15 in honor of his eightieth birthday. Mr. Davis is a well known Civil War veteran. A delightful supper was served and a large number of his friends were present. All spent an enjoyable evening with music and games, and later departed wishing Mr. Davis many more happy birthdays.

A great surprise was given Tuesday evening to Mr. and Mrs. Thomas Donnelly at their home, 18 Henry street, in the form of a valentine surprise party. It was a distinct shock and enjoyable pleasure to them to have a score of their friends unannounced to enter their home all at once, all bent on having a good time, and they were not disappointed, for after the shock wore off Mr. and Mrs. Donnelly proved themselves capable hosts. A general good time followed and at midnight a bountiful supper was served and Mr. and Mrs. Donnelly's friends departed in the early hours of the morning profuse with thanks for the wonderful time that they had. Among those present were the Misses Helen, Lillian and Ruth Rorrick, E. Coutant, Mrs. Sam Rorrick, Mr. and Mrs. E. R. Pierce, Mr. and Mrs. N. H. Ryan, Rose Johnson and the Messrs. John Partland, G. Schick, Harry Talmadge, F. Crooke and C. Wolfersheim.

Gosco-Mannesse.

Miss Mary Mannesse and Michael Gosco of Milton were united in marriage Monday evening, February 13, at St. James's Church. After the ceremony a reception was held in the Community House. Refreshments were served and dancing was enjoyed by all. Music was furnished by the Metropolitan orchestra.

The Coterie.

On Saturday afternoon the Coterie met at the home of Mrs. Watts on Highland avenue. Mrs. Russel gave an exceedingly interesting paper on "The Advance of English Poetry in the Twentieth Century," which held the close attention of all present. This was followed by a second paper of exceptional excellence, given by Mrs. Brown, the subject being "Stephen Phillips and Walker de la Mare." The next meeting of the Coterie will be with Mrs. Harry Smith.

Nicols-Sass.

Henry R. Nicols of Woodhaven, L. I., and Miss Elizabeth M. Sass of No. 13 East Pierpont street were united in marriage Sunday afternoon at 3:30 o'clock in St. Peter's Church by the Rev. J. D. Ostermann. The bride was gowned in white brocaded satin and wore a veil caught with orange blossoms, and presented a charming appearance. She was attended by Miss Marie K. Benkert of this city, who was gowned in lavender and carried a bouquet of sweet peas and wore a large hat to match her gown. The best man was James Sass. During the ceremony the wedding march was played by Professor Schwalbach. Following the ceremony a reception was held at the home of the bride's mother. Mr. and Mrs. Nicols left later on a honeymoon trip and upon their return will reside in this city for the present. Both are popular young folks and have the well wishes of a host of friends.

LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Mrs. William H. Fairbairn of Seager, died Friday afternoon, February 17, after a lingering illness. She leaves her husband and one sister, Mrs. Rose Utter, to mourn her loss. The funeral was held today from the Dry Brook M. E. Church. Interment at Margaretville.

Michael Madajewski died at the Kingston City Hospital Sunday evening. Funeral from the late home, No. 18 Second avenue, Wednesday morning at 9:30 o'clock and from the Church of the Immaculate Conception at 10 o'clock, where a solemn Mass of requiem will be offered for the repose of his soul. Interment in Mt. Calvary cemetery.

Palmer G. Archambault, a former resident of this city, died Saturday at the home of his brother-in-law in Jersey City. He leaves a wife, who resides on Adams street, and a sister Belle, wife of Charles Thomas, both of Kingston. The cause of death was influenza and pneumonia. The interment will be in Montrepose cemetery, the body reaching here at 2:05 on Wednesday afternoon.

James J. Mooney, husband of the late Ellen Mooney, nee Purcell and father of James J., and the late Anna Mooney, died at his home in New York city on Saturday. The funeral will be held Tuesday morning, from the late residence, 307 East 18th street and at the Church of the Epiphany, where a solemn Mass of requiem will be offered for the repose of his soul.

Jane Jansen, wife of the late Ezra P. Smith, a Civil War veteran, died at her home in Lanesville Friday, February 10, aged 81 years. She is survived by one daughter, Katie E. Smith of Lanesville, and one granddaughter, Mrs. Harry V. Weal, of Phoenicia, and three great-grandchildren. Funeral was held at the house Tuesday, February 14. Interment in the Shandaken Rural Cemetery.

Mrs. Samuel J. Minkler, a former resident of Mount Airy, Saugerties, died at her home in Palenville, Friday, February 17, in the 63rd year of her age. Mrs. Minkler was a daughter of the late Samuel Hommel. Her husband and one brother, Elton J. Hommel, of Saugerties, survive her. The funeral services were conducted by the Rev. E. G. Wahl of the Palenville M. E. Church this afternoon at 1:30 o'clock. Burial in Katsbaan Cemetery.

John Simmons, an aged and respected resident of Saugerties and a veteran of the Civil War, died at his home on Barclay Heights Friday afternoon in the 83rd year of his age. Mr. Simmons's death was due to a general breaking down of health, although the injury he received from being hit by an auto on Monday last hastened the end. He was a member of Tappen Post, G. A. R. At the outbreak of the Civil War in 1861, Mr. Simmons enlisted in the "Old 20th" Regiment in New York city. After serving his enlistment term of three months, he re-enlisted in the 102nd Regiment for the duration of the war. With this regiment he served for three years. During this time he participated in many battles. While fighting in the battle of Gettysburg he was shot in the neck, the bullet passing downward, and it was later removed from his side in one of the Federal hospitals. As soon as he was discharged from the hospital he endeavored to re-enlist again but was refused on account of his wound. Mr. Simmons leaves a wife and twelve children, two daughters, Mrs. Clarence MacDaniel of Tannersville and Mrs. Alva Quick of Saugerties, and ten sons, Andrew, John, Anson, James, Howard, Jesse, Frank, George and Harry of Saugerties and Emory of Richmond Hill, S. I., and one sister, Mrs. Emeline Eighmey, of this city. Thirty-three grandchildren and thirteen great grandchildren are also survivors. Mr. Simmons was a staunch Republican.

SICKNESS THIS TIME OF YEAR

If You Tire Easily and Feel Run Down, You Need Gude's Pepto-Mangan.

All over the United States the health of the people is guarded carefully by boards of health. Yet with all that care and watchfulness a disease sometimes breaks out, and spreads from home to home.

There is one safeguard that is preached by all physicians. That is to keep in good physical condition.

Gude's Pepto-Mangan builds up the blood by increasing the number of red corpuscles. It is then able to fight disease germs and carry them off.

If you do not feel right, start today and take Gude's Pepto-Mangan. Keep on taking it and notice how much better you feel.

Gude's Pepto Mangan is put up in both liquid and tablet form and is sold by druggists everywhere. The liquid and tablets have exactly the same medicinal value. Buy whichever you prefer. Be sure it is "Gude's Pepto-Mangan."—Advertisement.

NO HORSE RACES HERE WEDNESDAY

Sunday a committee from the Kingston Horsemen's Association visited the Rondout creek and after investigating conditions decided to call off the horse races scheduled to be held Washington's Birthday this Wednesday. They found that the ice was unsafe and had several inches of slush on top of it due to the warm spell. Unless there is a cold snap to tighten up the ice it is likely that there will be no more ice racing this winter.

Earth's Glacial Period.

Geologists base their statements concerning the existence of the glacial period mainly upon evidence in the form of boulder clay and various other forms of deposits. The first scientific references to glacial action were suggested by the Alpine regions and are to be found in the works of Charpentier and Agassiz. Man did not exist prior and during the early part of the glacial period. The first evidence of his existence is to be found in the later glacial period.

Nut Got Name From Town.

A certain kind of nut grew in profusion in the town of Kastana, in Pontus, Asia Minor. It derived its name from that of the town, and was known in English as chestnut, in Russian kashtan, in Bulgarian kesten, in Italian castagna, in French chataigne. Ah, it will be noticed, variations of the name of the town.

Head Noises and Ringing in the Ears

Monday Health Talk No. 65.
By Froude & MacKinnon

Head noises and ringing in the ears are the natural accompaniment of catarrhal trouble. The ear passages and the air passages are connected, and the stopping up of the air passages by mucous, as in a cold, extends to the ear passages and causes trouble there. Deafness is quite frequently an accompanying symptom.

A cold that affects the hearing is usually quite severe in character, and is usually so discomforting to the sufferer that everything possible is done to get rid of it. However, the fact that its cause is in the spine, and that the quickest possible relief is usually to be had from chiropractic spinal adjustments, is not generally known. The adjustments restore the full tide of spinal nerve impulses into the air passage tissues and cells and with this aid Nature soon clears the trouble.

DEAFNESS OF 28 YEARS IS ENDED

Arthur R. Thompson, proprietor of a steam laundry, states: "I was afflicted with deafness for twenty-eight years prior to my trial of chiropractic spinal adjustments. I could not hear a telephone ringing on the desk beside me. After adjustments my hearing began to come back and today is completely restored. This statement I make under oath."—A. R. Thompson. Chiropractic Research Bureau, Statement No. 18028.

WHEN HEALTH BEGINS

When health begins depends on when you telephone 776 for an appointment. Consultation is without charge. Our invariable rule is never to accept a case that we are not confident we can benefit.

We are graduates of the Universal and Palmer Schools of Davenport, Iowa—the world's foremost chiropractic colleges.

The system of painless adjusting originated by us is acknowledged far superior to any method heretofore in use.

Chiropractic means "done by hand." The true chiropractor adjusts the joints of the backbone to restore alignment and remove nerve pressure. He needs and uses nothing but his bare hands.
